

# Formulate Accent - 01

## FMLT-WL01

Formulate® accents enhance the functionality of any 10ft or 20ft backwall and add more real estate for messaging too! You are sure to find the accent that best fits your needs with monitor supports, literature pockets, shelves, tables, counters and more. Side tables and graphic headers are also available.

### features and benefits:

- State-of-the-art 30mm aluminum tube frame with snap button assembly
- Easy to store and ship
- Quick to assemble and attach to frame
- Kit includes: one frame, one dye-sublimated zipper pillowcase graphic, and one wheeled molded OCL storage case
- Lifetime hardware warranty against manufacturer defects

### dimensions:

#### Hardware

Assembled unit:  
23.6" w x 92.7" h x 17.7" d  
668mm(w) x 2355mm(h) x 450mm(d)

Approximate weight:  
8 lbs / 3.6 kgs

#### Shipping

Shipping dimensions:

1 OCL

57" l x 19" h x 19" d  
1448mm(l) x 483mm(h) x 483mm(d)

Approximate total shipping weight:  
29 lbs / 13 kgs

#### Graphic

# Connection Methods

Formulate® structures use a number of different yet simple connection methods. Your kit will include one or more of the connection methods shown below. Steps within the Kit Assembly will reference a specific method for each connection point.

## Connection Method 1: ES30 / ES50 / ES75

Compress the unlocked connector and slide one tube onto each end. Lock both screws carefully using your allen key tool. Be sure to lock securely, but do not overtighten.

## Connection Method 2: Snap Buttons & Swage

Locate the snap button on the connector or swage tube. Locate the hole on the corresponding tube. Press the snap button with your thumb and slide the tube and connector together so that the snap button snaps fully into the lock hole. To disassemble, press the snap button and pull apart.

## Connection Method 3: ES30-90B / ES30-I / ES30-C

Compress one unlocked end of the connector and slide it through one tube end. Compress the other end of the connector and slide on the second tube. Lock both screws carefully using your allen key tool. Be sure to lock securely, but do not overtighten.

## Connection Method 4: Tube Clamps

Be sure to fully assemble all frames before using clamps. With the clamp unlocked, place one tube of the first frame into the mouth of the clamp. Place the second tube (if applicable) into the second mouth of the clamp. With both frame's tubes in the clamp, be sure to lock securely, but do not overtighten.

# Kit Assembly

## Step by Step

### Step 1.

Locate the components necessary for assembling the quick snap button frame. Assemble your frame in order according to the Labeling Diagram. Please reference Connection Method 2 for more details.

### Step 2.

Apply the pillowcase graphic around the frame from the top and zip along the bottom edge. Using the handtool provided, attach the ladder onto your backwall. Please reference Connection Method 4 for more details.
